The Roll of Honor in Full.

in the growth and development of this result. section, stood still and destiny stepped forward to turn them back for ages. It was the most trying period in the history of East Tennessee. Her fortunes were trembling in the balance Not a day, not an hour, was to be lost, At this crisis thirty-three heroic, selfsacrificing, liberal hearted publicspirited men, who loved their country and its interests more than their dollars, came to the rescue by imperilling their earthly all. The plan of forming a joint stock company was adopted on the 26th day of October, 1849, and was organized by electing Gen. A. E. Jackson, President, assuming the name of East Tennessee Stock Company, authorizing one of the number to subscribe the balance not to exceed five hundred thousand dollars. On this Roll of Honor Washington county was represented as follows: DR. S. B. CUNNINGHAM,

GEN. A. E. JACKSON, HON. C. A. R. NELSON. DR. W. R. SEVIER, DR. W. W. BOVELL, JOHN LYLE. JOSEPH S. RHEA, JOHN W. SIMPSON, ISAAC MCPHERSON, JAMES C. MITCHELL, J. F. DEADERICH, JACOB KLEPPER, E. L. MATHES, G. W. TELFORD, R. A. THOMPSON, THOMAS MCADAMS, EWING McCLURE, R. L. BLAIB, W. K. BLAI,R W. G. GAMMON, S. D. MITCHELL, A. A. BROYLES, W. P. REEVES. Sullivan county was represented by JESSE J. JAMES, JOSEPH SPURGEON, JOHN B. HAMILTON, SAMUEL RHEA, ROBERT P. RHEA.

Greene county was represented by DR. J. F. BROYLES, J. A. SCRUGGS, JOHN P. SNAPP.

Jefferson county was represented by GEN. WILLIAM BRAZELTON. WILLIAM MOFFAT.

Only four on this roll of honor are now living, W. G. Gammon, Rome Ga.; John Lyle, Johnson City; John P. Snapp, Greene county, and A. A. Broyles, Glade Springs, Va.

It will be noted that twenty-three members of this Joint Stock Company belonged to Washington county, and under a pro rate they each assmed a liability of over fifteen thousand dollars, and altogether over three hundred and sixty thousand dollars, or over two hundred and ten thousand rational figuring at this time that can more than is asked of the county in aid of the Louisville, Cumberland Gap and Altantic, and the Unaka and Nolachucky railroads. It seems that if these men could risk their all in securing the construction of the East Tennessee system, when there could be no appreciation of the innumerable advantages of a railroad, that the whole population of the county, that know the value of a railroad from actual experience, should be willing to risk, if there can be any risk in it, the small pittance asked of them to aid in building two more lines that will be equal advantageous. When the whole country is moving ahead with rapid strides, and men are pouring out their money like water to build grand industrial enterprises, Washington coun ty, the oldest in the State, should fall into the line without hesitation or cavil, and do herself proud in the way of general improvement.

We have rescued from the oblivion of the years and put in an enduring form the names of those, who rescued the East Tennesse system, that the present generation may know what has | Hoss. been done for them, and by whom it has been done. It seems to us that came in from Gettysburg, Penn., last the spirits of the twenty-nine "who Tuesday. have gone to their long homes," invoke our people to take up the grand work they so gloriously and heroically be- having it hauled to their bark shed gun. Could their tongues be loosened today. from the grip of death they would plead Mrs. E. L. Sanders, of Elk Park, N. with irresistible eloquence for the carrying on of those projects without daughter, Mrs. W. V. Mages, left for which our country can not be develophome last Tuesday.

> The Value of Printer's Ink. Will the merchant who is wise Ever cease to advertise? ???

Some unknown writer answers partly in the affirmative as follows:

YES. When the trees grow apside down, When the beggai wears a crown;

When ice forms up on the sun, When the sparrows weigh a ton; When the women secrets keep, When gold do lars get too cheap; When fish forget to swim, When boys are not called Jim: When girls go back on gum. When the small boy hates to drum; When no politician schemes, When mince ples make pleasant dreams; When it's fun to break a tooth, When all lawyers tell the truth; When the young people cease to wed, When the human race is dead; When the drummer has no brass, When those things come to pass. Then perhaps the man that's wise Will neglect to advertise.

Presidential Guesswork.

The Press figures out the probable Electoral vote of 1892 as follows: Republican, 204; Democratic, 169, doubt- cure come? ful, 71. Its doubtful States are-New York, 36; Michigan, 14; Indiana, 15; Connecticut, 6.

New York has just elected the Democratic State ticket by 45,000 majority, with a bitter factional feud in the Democratic ranks and the mugwumps generally supporting the Republicans. There is certainly little to expect for the Republicans there. Michigan will divide her Electoral vote. The Congressional districts are gerrymandered to make 7 Democratic, and 5 Republican; if the Republicans carry the State and the two Senatorial Electors, the vote the two Senatorial Electors, the vote would be a tie-7 to 7. Indiana gave given a Republican plurality for years. Such are the States classed as doubtful by the Press. These added to States it concedes to the Democrat, would give the Democratic candidate for President 240 Electoral votes, or 17

more than a majority. Now look at the doubtful States the Press puts in the Republican column. Illinois' 24 votes are obviously doubtful; so are Iowa's 13; so are Massachusets' 15 and so are New Hampshire's 4; while Rhode Island's 4, Wisconsin's 12 and Montana's 3 are almost certain to be Democratic. The Democrats have carried Rhode Island at every election since enlarged suffrage; they swept Wisconsin in 1890 by 36,-000, and they carried Montana by a decided majority.

It would be idle to say that the great battle of 1892 is free from doubt as to the result, but there is no process of give the Republicans a majority of the Electoral vote.--Philadelphia Times.

The Western Settler's Chosen Specific.

With every advance of emigration into the far West, a new demand is created for Hostetter's Stomach Bitters. Newly peopled regions are frequently less salubrious than older settled localities, on account of the missma which rises from recently cleared land, parsimilarly along the banks of rivers that are subject to freshets. The agricultural or min-ing emigrant soon learns, when he does not already know that the Bitters afford the only sure protection against malaria, and those dis-orders of the stomach, liver and bowels, to orders of the stomach, liver and bowels, to which climatic changes, exposure, and unac customed or unhealthy water or diet subject him. Consequently, he places an estimate upon this great household specific and preventive commensurate with its intrinsic merits, and is careful to keep on hand a restorative and promoter of health so implictly to be relied upon in time of need.

## DOES HONESTY PAY?

Josh Billings has said that a man who has nothing but his honesty to boast of is no better than a pair of steelyards, and Josh was right about men. But in a vehicle honesty is everything; there even poor paint and varnish covers a multitude of defects. Honest materials, honest workmanship, honest design and honest prices makes it perfect. I offer you vehicles having all these qualities. I have many kinds in various grades, all made by well-known factories, the acknowledged leaders of their business, like Studebaker Bros., Favorite Carriage Co., Standard Wagor Co., Frazier Cart Co., Parry Cart Co. These names guarantee the quality and style, I guarantee the prices. Write for them. GEORGE BROWN. 236, 238 & 240 Gay St., KNOXVILLE, TENN.
